

Dear Sir/Madam

Greetings to you from Kumari Arivial Peravai !

Kumari arivial peravai is a voluntary group doing service in the field of science and Technology in Kanyakumari District. The main aim is to create scientific awareness among the student community and bring out the hidden talents in the young ones. For this we organise many programmes every year. Last year, we had conducted young scientist programme on 'Water and Life'.

This year we have chosen the theme 'Energy and environmental challenges.

The awareness on this will be conveyed through various programmes like Science Exhibitions, Seminars, Scientists and Students Interactions, Science Competitions, Young Scientists Camp, Environmental Field Study etc.

53 students are selected as young scientists and 10 guide teachers are also selected for this year programme. These 53 students are divided in to 5 groups.

Each group is guided by a scientist, Medical Doctor, Guide Teachers and Coordinators who voluntary help the students.

As part of this programme we wish to take the students on Equiping young scientists with skills to face challenges of the modern world.

ST. JOHN'S COLLEGE OF ARTS & SCIENCE , Ammandivilai has Voluntarily come forward to conduct a

Training programme on MANAGEMENT CONCEPTS'

for **Young Scientists 2011-2012** on 10/12/2011

We strongly believe that the training will help the students to have a good exposure on the modern trends.

You are requested to participate and contribute towards the success of the programme.

Thanking you

Yours sincerely
