

Planning meet

for

Young Scientists Programme 2013-2014

09 - 06 - 2013, Sunday 2.30 pm

Scott Christian Higher Secondary school, Nagercoil

Dear friends,

Its once again gives me immense pleasure when I recall the support and guidance given by you for KAP's young scientists programme during the previous years. "Water and Life", "Planet Earth", "Food and Agriculture" are some of important topics which the entire globe is concerned now. It is needless to point out that the collective effort put forth by all of you is well accepted, and there is tremendous appreciation and encouragement from various quarters. "Catch them while young; teach them what they need; bring out the hidden talents; develop them in to good citizens" is the only motto behind this noble venture. As in the past your valuable suggestions in deciding this year topic will be highly appreciable one. Hence it will be my special request to have you on **09 - 06 - 2013 at 2.30 pm in Scott Christian Higher Secondary school, Nagercoil** to spend an hour, share your expectations and experiences and let us join together to decide the topic for the year 2013-2014 also.

Actions speak louder than voice- Let us act together to build a world of scientific society with a pool of youngsters under your able guidance.

To

Er.K.Ramaseshan	General, Manager, ISRO Mahendragiri
Er.S.Ingersol	(Div.Head, ISRO Mahendragiri)
