

Kumari Arivial Peravai

First Team Meeting

Land Team

We (Jacksklendon, Aishwariya(8th) Gohul, Seetha lekshmi, Aishwariya) are fortunate enough to be selected by our school to be sponsored for the young scientist programme conducted by KAP after a stiff competition. We had an opportunity to attend a seminar on "PLANET EARTH" conducted on 11th July 2009 at St. Joseph Hr Sec School Nagercoil. The abstract send by us regarding our project were accepted by KAP. We were invited for the project presentation programme held on Aug 22th , 2009 at Scoot Christian Hr. S School , Nagercoil followed by the poster presentation programme on 12/09/09 at Amala Convent HSS Thukalai. The model demonstration programme held at Immaual Arasar JJ College of Engineering Nattalam on 11th october 09 was really interesting, fantastic and informative . When the final list was published we were astonished to find our names because only two from our school were selected for this year young scientists programme from our school. We are in LAND TEAM .

The first formal meeting of the Land Team was conducted on 24/10/09 at 14.30 hours, at APOLLO study center Marthandam. The meeting was chaired by Shri P.GOPALAN ,team coordinator. Shri M.VELAIAN , Organizer gave the introductory address and he briefed the activities to be held for the young scientists throughout this year. Mrs.Subhatra , the Guide teacher was also with us . It was an opportunity to know about each other about our team members. The initial preparations to be made on the eve of the forthcoming meeting at Lord Jaganath College of Engineering, Rananathichanputhur, near Anjugramam was also discussed and decided . We departed the venue at 16.30 hours with a sense of gratitude to KAP.

S.Seetha lekshmi,

Convenor,

LAND TEAM.
